School Council & FAHHE Back to School Survey

Thank you to everyone who took the time to complete our first SC/FAHHE Survey. It was great to hear all the new ideas and feedback from our HHE Families. If you are interested in hearing about these results, please attend our FAHHE meeting as they will be discussed at that time.

100% Fundraiser

Fundraising is critical for schools to assist in acquiring technology replacements, supplies and extras that fall outside of or beyond the annual budget. FAHHE has decided to offer a 100% Fundraiser to be accessed in lieu of the traditional fundraisers. The best part is that **100% of the proceeds** go straight to FAHHE to support the immediate improvements

requested by the School Council! If you would rather participate with cash than your time or energy, please click the following link to learn more and get your form!

October Fundraising updates

Halloween Dance

Thank you to our Dance committee and volunteers for giving us an amazing Halloween Dance! They put a lot of time and energy into ensuring the event ran smoothly. The attendance was extraordinary and it was great to see everyone dressed up in costumes to celebrate.

Together we raised **\$1386** to put towards our School Wishlist.

Art Cards by Kids

As you may know, the students have started their art projects. Thank you to the teachers for making this happen during art class. Proofs will go home shortly with students, so that you can place your orders for the holidays. We are hoping to have the orders distributed at the onset of December. Stay tuned for the next step of this fundraiser.

distribute them the first week of December. Stay tuned for more information in the upcoming weeks.
